

We would like to invite you to a special
e-Tea with Reason: Scottish Business afternoon with Whisky Tasting,
which will be held on
27 January 2021 between 3-4.30pm online.

We are organising this event to mark the celebration of Burns' life and poetry. He is a famous Scottish poet who lived at the same time as Prešeren. However we will also include a business angle to the event and present the opportunities on the Scottish market. The event will be concluded with whisky tasting, where a whisky sommelier will teach us how to taste the age of whisky.

Please note:

Registration is free of charge, but obligatory. We are sending whisky samples to the 50 first registered participants. The number of whisky samples is limited, so register quickly.

Programme:
